

COMFORT COVERS A cozy way to show you care.

Join others around the state by **sewing, quilting, knitting, crocheting, or simply cutting out fleece blankets to create Comfort Covers** for the frail aging in your community.

The **warmth will fend off chills** and the **comfort of a cover** will remind an aging adult of **your love and the presence of God**.

Visits, phone calls, and simple notes are wonderful ways to show frail-aging persons they are not alone. But a **handmade Comfort Cover** will provide a **much-needed presence** all the time.

Homebound persons **do not often hear prayers** offered on their behalf. When wrapped in the **warmth of Comfort Covers**, they are **reminded others are praying**.

SUMMER FANS A “fan”tastic way to show you care.

Every summer, many of North Carolina’s aging suffer needlessly in the heat. The effects can be fatal.

You can reduce the risk and bring comfort by providing an electric fan. The breeze will bless an aging person and be a reminder that someone cares.

Help by donating fans or raising funds for your local social services to purchase fans.

Call 877.506.2226 to learn more or to be connected with a person in need.
