

DURABLE MEDICAL EQUIPMENT MINISTRY

Why have a durable medical equipment ministry?

- ✓ DME can be expensive and may not be fully covered by insurance.
- ✓ It allows greater independence and mobility.
- ✓ It can save lives.
- ✓ It's a practical way to share the love of Jesus!

NCBAM can partner with you to provide:

- Guidelines for starting your ministry
- Waiver & Gift-in-Kind templates
- Initial equipment (as available)
- Plan of salvation cards
- Safety checklists and other helpful brochures
- Referrals of local needs

What are examples of durable medical equipment?

- Canes
- Rollators
- Walkers
- Wheelchairs
- Shower Seats
- Bedside Toilets

Does your association or church have:

- Unused storage space?
- One person to oversee a new ministry?
- Several volunteers who can serve a few hours each month?
- A desire to help frail elders in your church and community?

In Their Own Words:

"I was paying \$100 a month to rent a hospital bed for my 87-year-old mother. Having this donated bed has helped us so much." – Kelly, Charlotte

"When my husband came home from rehab, I didn't know where to turn. We are so thankful to NCBAM for providing the equipment we needed."

– Sandra, Raleigh

If a brother or sister is **without clothes** and **lacks daily food** and one of you says to them, "**Go in peace, stay warm, and be well fed,**" but you don't give them what the body needs, **what good is it?**

– James 2:15-16
